The greenest hotel in the greenest surroundings !

The Hotel Spa-Balmoral**** nestles in a landscape of rolling, forested hillsides that is part of the Belgian Ardennes.

Not only does the hotel lie in green surroundings, the hotel itself is also green and is totally geared towards sustainable development. The Hotel Spa-Balmoral is a four-star independent family run hotel, located in the heart of the Belgian Ardennes, situated on the outskirts of the historical resort of Spa overlooking the Warfaaz lake. Experience culture and Belgian gastronomy at its best, walks through vast nature reserves, play golf on Belgium's finest golf course and relax at the Thermal baths of Spa. Looking to enjoy a Wellness retreat, or would simply like to get to know the magnificent Ardennes, SPA BALMORAL will meet all your booking requirements online, too.
